

## Permission for school council to contact parents/guardians directly for 2016-17

*School councils are collective associations of parents, teachers, principals, staff, students and community representatives who seek to work together to promote the well-being and effectiveness of the entire school community and thereby to enhance student learning. A school council is a means to facilitate co-operation among all the concerned participants in the local school. (Alberta Education)*

School councils are one way we can all work together to support teaching and learning. We invite YOU to become involved!

School council members may contact parents about meetings, special events, fundraising and other activities sponsored by the council.
